Mr. Michael R. Dettamanti
P.O. Box 291
Kanab Utah 84741

Dear Mr. Dettamanti:

On March 27, 2002, I received your request for a State Director review of the Grand Staircase-Escalante National Monument decision dated February 20, 2002. Your appeal identified three items specifically that you wanted me to address. I will address them in the order presented in your appeal.

In item number one, you requested that I write the Secretary of the Interior and ask her to overturn BLM's decision declaring your mining claims forfeited by operation of law. I will not be able to accommodate this request. The reason I cannot is that the maintenance fee or the waiver certificate is a Congressional requirement. Failure to file the maintenance fee or waiver certificate constitutes a forfeiture, by statute, of the unpatented mining claim. Even though I am sympathetic that you missed the filing date in 1998, the Secretary and I do not have the authority to excuse the lack of compliance with the maintenance fee or waiver certificate requirement of the Act, to extend the time for compliance, or to afford any relief from the statutory consequences.

In item number two, you requested that if I agree with certain things, you be allowed to post \$3,000 and complete reclamation work by October 1, 2002. As stated above you failed to comply with the Congressional mandate that I have no discretionary authority to act upon. The posting of a bond in order to complete reclamation work at the three sites is not required since the mining activity occurred under the old 3809 regulations. I understand you have a verbal commitment with the Monument office to perform the required reclamation. However, if you would like to post a \$3,000 bond, we will accept it. Also, I understand that based on a meeting with David Hunsaker and Doug Powell it was mutually agreed that the reclamation deadline would be changed to November 30, 2002. This extension of time does not alleviate your responsibility to complete the reclamation work required in the Grand Staircase-Escalante National Monument decision dated February 20, 2002.

In item number 3, you requested that you alone be held responsible for all punitive actions. Based on your appeal letter we will consider you the operator for all three operations, UTU-67101 Gyp One, UTU-71355 Low Down #1 and UTU-72768 Long Gulch II. However, if you fail to complete the required reclamation work, the mining claimants of record (Don Wood, Richard Dettamanti and yourself) are ultimately responsible for the reclamation of the disturbances that they created under their respective notices on their former mining claims. We hope this will not become an issue.

My decision on these items may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

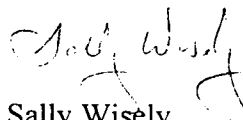

If you wish to file a petition (request) pursuant to regulation 43 CFR 4.21, 58 FR 4939, January 19, 1993 for a stay (suspension) of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision, to the Interior Board of Land Appeals, and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

1. The relative harm to the parties if the stay is granted or denied.
2. The likelihood of the appellant's success on the merits.
3. The likelihood of immediate and irreparable harm if the stay is not granted; and
4. Whether the public interest favors granting the stay.

If you have any questions regarding this decision, please call Terry Snyder of my staff. Her telephone number is (801) 539-4026.

Sincerely,

Sally Wisely
State Director
